The Woodlands Community Primary School

Curriculum Guide for Parents: 2021-22

Resilience Empathy Self Awareness Passion Excellence Communication Teamwork

Our Curriculum

Welcome to the Curriculum booklet. This leaflet will explain what each child at The Woodlands Community Primary School learns in each term of the school year.

Here at The Woodlands we have mixed age classes year 1 and 2, year 3 and 4 etc. Because of this we have a 2 year rolling curriculum so that children have access to all that they need to learn but do not repeat anything when they are in the next year up. The information in this booklet shares on eof the 2 'curriculum cycles'

Our curriculum is split into two main parts:

Core: English, [reading ,writing and Spag] Maths and Science

Foundation: Geography, History, IT, RE, PSHE, Art, Music, PE, Design Technology

English - Reading, Writing, Spelling, Punctuation and Grammar (SPaG).

Teaching and learning in English follows the National Curriculum objectives for Reading, Writing and SPaG [Spelling Punctuation and Grammar].

Each half term, our writing in English is linked to a text from the foundation topic focus.

Guided Reading:

Reading is split into key skills or 'domains' Each reading domain skill is modelled by the teacher, followed by independent activities where the children apply these skills with a different text. The children read with an adult on a weekly basis within school; please support this by reading regularly at home.

<u>Spelling</u>: Spellings rules are taught, practised and applied in class and tested the lowing week. These weekly spellings can be found in the homework book sent home each half term.

Maths

Teaching and learning in Maths follows the National Curriculum objectives.

We have a strong focus on the core principles of fluency, problem-solving and reasoning and we ensure our learning in Maths is presented in a real-life context so the children understand how it would be used beyond the classroom.

Maths lessons follow the STAR framework - See it, Try it, Apply it Reason it.

Times-tables (and division facts) are tested weekly; a practice activity can be found for each week in the half-termly homework booklet.

Science:

Our learning in Science is centred around National Curriculum expectations. Children are encouraged to think critically and work scientifically, making predictions, recording observations and drawing conclusions.

Our Curriculum

Foundation Curriculum:

Our curriculum is broad - children learn a wide variety of subjects, making links in their learning across these subjects.

Our foundation curriculum brings together the teaching of the National Curriculum History and Geography knowledge and skills into a wider theme, which changes each half term.

Science, Art, DT, Music and PSHE are taught separately but are also are explored through linked topics where relevant. PE, RE and MFL are taught in a weekly lesson.

Commando Joe's:

At Woodlands we have incorporated Commando Joe's RESPECT curriculum into our whole-school learning.

As part of this curriculum, children develop characteristics of effective learning and a sense of community and belonging, through learning:

Resilience,

Empathy,

Self-Awareness,

Passion,

Excellence,

Communication

Teamwork (RESPECT) mpathy Self Awareness Passion Excellence Communication Teamwork

Children learn about key characters throughout history who have shown these characteristics and take part in 'missions'. These are practical activities in which children have to work as a team and solve problems. These are linked to the wider curriculum and reinforce learning, and most importantly, allow the children to demonstrate these skills, communicate effectively and build their self-confidence.

Welcome to... Reception

3	Autumn 1	Marvellous Me Who am I? What makes me similar/different to others? How do I grow and change? What are my senses? We also explore the seasons.
		Key knowledge and skills: Look at similarities and differences between ourselves and others. Explore change in ourselves and in our environment. Look at ways in which we are unique. Exploring personal past and present events and sequence how we change over time. Using topic related vocabulary to describe what we have observed.
	Autumn 2	Celebrating Change Does everyone in the World celebrate Christmas? Explore different celebrations from a range of cultures including Diwali, Bonfire night, Christmas and Hanukkah.
		Key knowledge and skills: Exploring maps and begin to locate where we live. Comparing our local environment with a contrasting locality. Begin to identify similarities and differences between our own beliefs and the beliefs of others'.
	Spring 1	Does Chocolate Grow on Trees? Did Willy Wonka discover chocolate? How is chocolate made? Take a trip around the World as we go from 'Bean to Bar'.
		Key knowledge and skills: Exploring maps and locating where we live. Describing similarities and differences of a contrasting locality. Showing care and concern for living creatures and the environment. Asking questions about why things happen and how things work.
	Spring 2	Do you Know? Explore different materials and their properties. Can you save Humpty from his fall? Does it float/sink? Can you design a boat for the Three Billy goats? Is it magnetic? A topic full of scientific awe and wonder.
		Key knowledge and skills: Exploring similarities differences, patterns and change. Asking questions about why things happen and how things work. Using scientific language to describe what has been observed. Make simple observations of animals and plants and explain why some things happen.
	Sum- mer 1	It's a Kind of Magic A topic full of magic and mystery beyond your wildest imagination. Create your own wand, learn a magic trick, mix your very own disappearing potion and write a letter to a genie. What are your 3 wishes?
		Key knowledge and skills: Asking questions about why things happen and how things work. Talk about features of their own environment and how it might vary from one to another.
	Sum- mer 2	Commotion in the Ocean Take a trip beneath the waves to explore the magnificent creatures that live under the sea? Write a riddle, find Nemo and retell some of the greatest underwater stories ever to be told!
		Key knowledge and skills: Explore maps to begin to locate the oceans around the World. Comment and ask questions about some of the things they have observed. Identify similarities and differences between relations to places and living things.

Welcome to... Year 1 and 2

Autumn 1	Bright Lights, Big City What is a city? What can you find there? Explore London and its landmarks, learn all about the Great Plague, the Fire of London and visit the Queen for tea at Buckingham Palace!
	Key knowledge and skills: Locate capital cities on a map, sequence events in chronological order, ask and answer questions, write reports, research the lives of significant individuals.
Autumn 2	Towers, Tunnels and Turrets What was life like in a medieval castle? Explore the different types of castles and their features, learn all about tunnels and build a bridge to test its strength!
	Key knowledge and skills: Sequence using a timeline, use geographical language to describe features. observe and record information, recognise how places have changed over time, make observations and complete detailed field sketches.
Spring 1	<u>Dinosaur Planet!</u> When did dinosaurs roam the earth? What were they like? How do we know so much about them? Become a palaeontologist and investigate our dinosaur planet!
	Key knowledge and skills: Explore events beyond living memory that are significant, explore the lives of significant individuals in the past, investigate, make observations.
Spring 2	The Enchanted Woodland What lives in the woodlands? How does the environment help them to live there? Explore the wildlife, plants and animals in this habitat with maps and enjoy some traditional tales set in the forest!
	Key knowledge and skills: Use simple compass directions to follow and create maps, describe locations and features, identify and describe different plants and types of trees.
Summer 1	Superheroes! Which superheroes do you know and what are their special powers? Design your own superheroes, write a superhero story and learn about some important people in history who are remembered for their amazing actions!
	Key knowledge and skills: Explore significant historical events, people and places, explore changes within living memory, write comic strips and narratives.
Summer 2	Land Ahoy! Have you ever wondered about life as a pirate? Set sail on your journey and learn all about famous pirates in history, follow a map and hunt for treasure!
	Key knowledge and skills: Name and locate seas on a map, recognise landmarks and human/physical features, observe and record fieldwork, create and use maps.

Play tuned and untuned instruments Listen attentively with concentration	Charanga Y2 Reflect, Re- wind and Replay. Use voice expressively Experiment with sounds

Welcome to... Year 3 and 4

Autumn 1	Mighty Metals! What are metals? What are they used for? Take a journey through the history of transport; where did it all begin? Explore transport through the ages, from river boats to rockets!
	Key knowledge and skills: Sequence events on a timeline, study a significant turning point in British history, use a range of sources/evidence, evaluate the usefulness of these sources, select and record information.
Autumn 2	<u>I Am Warrior!</u> What was life like in Ancient Rome? Who were the gladiators? Which countries were part of the Roman Empire and why was it so powerful? Meet the Emperors, learn to fight like a Roman soldier in battle and find out how the Romans influenced our lives today!
	Key knowledge and skills: Learn about the Roman Empire and its impact on Britain; construct knowledge of the past from a range of sources, sequence events on a timeline, explore continuity and change.
Spring 1	Scrumdiddlyumptious What are our favourite foods and meals? What ingredients do they contain and where do they come from? What should we eat to keep us healthy? Take a journey around the globe and explore a range of flavours!
	Key knowledge and skills Describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.
Spring 2	Egyptians Who built the pyramids? Who were the Pharoahs and did they really keep their body parts in jars for their journey to the after-life? Become an archaeologist, crack the codes in hieroglyphics and discover some ancient treasures in the pyramids!
	Key knowledge and skills Learn about the achievements of the earliest civilisations (Ancient Egypt), ask and answer questions about continuity and change, use a range of sources to construct knowledge of the past.
Summer 1	Urban Pioneers! Have you ever looked your local area through an artist's eyes? Take a trip to town and explore the art, culture and beauty of the natural and man-made environment. What can be done to improve it and what can be celebrated?
	Key knowledge and skills: Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.
Summer 2	Misty Mountain Sierra Time to set off on a great mountaineering expedition! Explore the features of different mountains around the world, how does the landscape change as you climb to the summit? Can you take on the challenge and survive the extreme conditions?
	Key knowledge and skills: Name and locate geographical regions and their physical characteristics, explore key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time.

DT		Design and make a Roman car- riage Research and devel- op design criteria Select materials, design, make and evaluate	Cooking Apply principles of a healthy diet Understand seasonality of produce			Papier Mache - Mountains Master a range of artistic techniques— sculpting
RE		Religion in the home Compare religious customs and prac- tices (Christianity / Hinduism)		Sharing Food in religious Festivals Why is food such an important part of believers' practices / customs?		Religious Leaders Significance of reli- gious leaders of dif- ferent faiths.
PSHE	PSHE Relationships Positive friend- ships, resolving disagreements, bullying, how to ask for help)	PSHE Living in the Wider World Online safety, use of media, managing money		PSHE Health and Wellbeing Mental wellbeing, talking about emo- tions, how to man- age change/loss, how to seek help	
P.E	Dance Flexibility, strength, balance, technique ,control Compare perfor- mances	Flexibility, strength, balance, technique, control, stretching, curling and arching	Dance Flexibility, strength, balance, tech- nique ,control Compare performanc- es and demonstrate improvements	Gymnastics Flexibility, strength, balance, tech- nique,control Receiving body weight	Volleyball Play competitive games and apply basic principles (attack/defend)	Athletics Running, jumping, throwing, catching in isolation and combi- nation
GAMES	Football Play competitive games and apply basic principles (attack/defend)	Netball Play competitive games and apply basic principles (attack/defend)	Tennis Play competitive games and apply basic principles (attack/defend)	OAA Adventurous outdoor activities individually and in teams.	Basketball Play competitive games and apply basic principles (attack/defend)	Rounders Play competitive games and apply basic principles (attack/ defend)
Music	Charanga Three Little Birds Play and perform solo and in ensem- ble, appreciate a range of music	Cr G	Charanga Mamma Mia Listen with attention, history of music, improvisation / com- position	5	Charanga Blackbird Play and perform, using musical nota- tion, appreciate a range of music	
MFL	Core Unit 1 Greetings Greetings. What is your name? How are you? How old are you?	Core Unit 1 (revisit) Salut - Unit G - Describing people Describing yourself, clothing, likes/ dislikes, colours?	Core Unit 2 Salut Unit F My Town What is ther e in your town? Buildings. Hobbies.	Core Unit 2 Rigalo - Unit 10 Directions Giving directions, describing locations N/S/EW, weather	Core Unit 3 Rigalo - Unit 6 Bon Anniver- saire Ages, birthdays, ways to celebrate.	Core Unit 3 Rigalo - Unit 8 Time Telling the time. What time do you do certain activities?

Welcome to... Year 5 and 6

Autumn 1	The Vikings are Coming! Grab your sword and shield, the Vikings are coming! It's time to jump back in time to investigate Anglo-Saxon Britain as the Vikings make their arrival. What did they bring with them? Who were they? What amazing things did they leave behind?
	Key knowledge and skills: Use maps, atlases and globes to locate countries and describe features, investigate significant people, order key events, describe how living things are classified, research and develop design criteria, select and use appropriate tools, evaluate products.
Autumn 2	Bombs are falling and not just in London; what happens to the countries' children in the height of WWII? Learn more about life on the home front and how war changed the country forever.
	Key knowledge and skills: Locate the world's countries on a map; use a range of primary and secondary sources to understand key historical events; ask and answer questions about change, cause, similarity, difference and significance; note connections, contrasts and trends over time; identify and name parts of the human circulatory system.
Spring 1	Stargazers Ever looked into the sky and wondered what is out there? Or how far away those twinkling stars really are? Find out more about Major Tim Peake and other space explorers that came before him.
	Key knowledge and skills: Geographical features from aerial shots of different lands around the globe, locate place on a world map, significant people and events, electrical circuits, work in the style of an artist
Spring 2	Frozen Kingdom Don your snow boots and head out onto the frozen wastelands with Ernest Shackleton. Learn more about his awe inspiring achievement and how his epic adventure changed the face of discovery.

Welcome to... Year 5 and 6 Curriculum map

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2	
Science	Living things and their habitats. Classification I can describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including microorganisms, plants and animals. I can give reasons for classifying plants and animals based on specific characteristics.	Body Pump Circulatory System in humans and plants I can identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. I can recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function. I can describe the ways in which nutrients and water are transported within animals, including humans.	Circuits I can associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit. I can compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/ off position of switches.	Animals including humans Evolution and adaptation I can recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago. I can recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents. I can identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.	Light Light travels in straight lines and seeing objects I can recognise that light appears to travel in straight line, I can use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye. I can explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes.	Body Health Drugs, diet and exercise I can recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function.	
Compu- ting	Publisher, Word and layout select, use and combine a variety of software to present infor- mation	Controlling external components, coding- programming To write a simple algorithm and then use a flowcharting software to create a simple program to control an onscreen icon. Explain how their program works.	Designing and creating programmes with a specific purpose. Write a simple algorithm and then use a flowcharting software to create a simple program to control an onscreen icon.	Search Engines PowerPoint. Staying safe online, layout and techniques. Presenting. Begin to explore the nature of online audiences and permation online. Begin to understand the significance of published information and personal information.	Paint.net - super impos- ing. Learn how to take, adapt or create images to enhance or further develop their work and incorporate it into a wider project.	Paint/net- merging imag- es To learn how to take, adapt or create images to enhance or further develop their work and incorporate it into a wider project.	
Art/DT	Design , plan build a replica longship. Make select, from and use a wider range of tools and equip- ment to perform practical tasks [for example, cutting, shaping, joining and fin- ishing], accu- rately	War time recipe Follow and make a recipe for mak- ing war time food.	Peter Thorpe - rocket art Mastery of artistic techniques (sketch/pastels) Research and develop design criteria Select and use a rang e of influences from the studied artist. Evaluate products	Sketching- for illustrating writing of character and setting description. Pauline Baynes- Narnia	Design an emblem. Flag making on specific material type. Paints- Acrylic.	Self portrait in the style of a Tudor Study and discuss the working of Hans Holbein. Produce a self por- trait in the style of Hans Holbein.	
RE	Tatety	Commit- ment Investigate cere- monies associat- ed with joining or belonging to a faith community and talk about the meaning of commitment	ool	Belief in Action Make links between beliefs and action and reflect how this might have local, national and international impact		Justice—Rich and Poor Investigate stories about God's rela- tionship with people and suggest how, for some people, this helps them to make sense of life	

Welcome to... Year 5 and 6 Curriculum map

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
PSHE	Getting on a falling out Feelings, empa- thy, recognition of feelings, ac- tions, behaviour and consequenc- es, compromis- ing		Secrets Secrets, confidentiality, surprises, managing feelings		Health and Wellbeing Understand the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness.	SRE Focus Transition (money and enterprise) Transition and changes Personal hygiene Reproduction/birth Economic wellbeing—use of money, saving, risks
In- door PE	Gymnastics (Year 6) Flexibility, strength, balance, technique, control, change of speed, direction and shape Compare performances Swimming (Year 5)	Plexibility, strength, balance, tech- nique, control Perform fluent dances in the style/ characteristics of different eras	Flexibility, strength, balance, technique, control, change of speed, direction and shape. Perform a 6-8 part floor sequence, Compare performances	Flexibility, strength, balance, technique, control Perform fluent dances in the style/ characteristics of different eras. Evaluate performances.	Play competitive games and apply basic principles (attack/defend) Throwing, catching, shooting with accuracy	Volleyball Begin to understand the ready position Choose the correct shot selection, placement and position Perform the underarm and overarm serve. Begin to use the smash/spike and the block shot.
Out- door PE	Tennis play competitive games, modified where appropriate [for example tennis], and apply basic principles suitable for attacking and defending	Learn how to hold the hockey stick and dribble the ball. Learn short passes using the hockey stick. Keep possession of the ball. Attack and defend:	Play competitive games and apply basic principles (attack/defend) Show control at a range of speeds	Athletics Running, jumping, throwing, catching in isolation and combination Run for distance, techniques in a relay	Rounders Play competitive games and apply basic principles (attack/defend) Batting/fielding skills Team- tactics	Athletics Running, jumping, throwing, catching in isolation and combination Run for distance, techniques in a relay
Music	Charanga - Happy Play and perform soloensemble (voices), listen with attention and identify details, appreciate a range of high-quality music	of the ball.	Charanga - You've Got a friend Play and perform solo-ensemble (instruments), listen with attention and identify details, appreciate a range of high- quality music from composers/ musicians	Calus Hais I	Charanga - Dancing in the street Play and perform solo-ensemble (instruments), listen with attention and identify details, appreciate a range of high-quality music from composers/musicians	Calut Hait N
MFL	5	Salut Unit J Holiday Say where they are going on holiday (countries) Describe where they are staying (hotel/tent/caravan) Talk about holiday activities/visits	ool	Salut Unit L Hobbies Explain what they enjoy doing as hobbies Describe films Describe what they do at the weekends		Salut Unit N Seasons Explain seasons Describe seasons

In Year 5/6 you should all know all of your times tables. Please use the multiplication square below to practise your times tables skills.

×	1	2	3	4	5	6	7	8	9	10	11	12
1	1	2	3	4	5	6	7	8	9	10	11	12
